allowing us to immerse ourselves in an experience that might otherwise be inaccessible.

AT KNOW WONDER CREATIONS, WE BELIEVE THAT…

- skillfully crafted stories, infused with powerful thought-provoking ideas, have profound emotional impact
- an idea whose time has come has the power to move mountains… and knowledge, when emotionally embraced, has the power to move multitudes
- visionary concepts that enrich humanity's imagination of itself become conduits for meaningful change
- dynamic world-class media has the capacity to expand our perception and transform our lives.

LIGHTNING IN A BOTTLE?

We believe it's even better than that,
because when the extraordinary nature of ordinary reality can be seen and experienced,
life becomes exhilarating and enchanting.

KNOW WONDER's intellectual properties are written and developed to provide a doorway through which the enigmas of life can be discovered, explored and enjoyed.
